For: Novel Diepoxide Derivatives of Diallylphenols

Group Art Unit: 1626

Examiner: Ebenezer O Sackey

By Facsimile

Hon. Commissioner for Patents

Sir:

Supplemental Response B

In response to the Office Action dated 05-01-2006, please amend the subject application as follows:

Claims 1 and 7 have been amended to define R" as being methyl.

In the specification change the paragraph starting on page 2, line 6 to page 3 line 9 by adding at line 9 the words "and R" is methyl" after -PORR'.

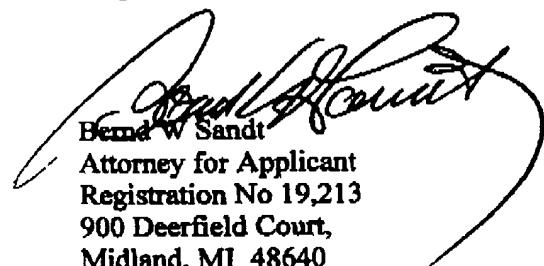

The Examiner 's withdrawal of restriction requirement is gratefully acknowledged.

In view of the rejection of claims 1 and 7 as being indefinite under 35 USC 112, in failing to define R", claims 1 and 7 have been amended to specify that R" is methyl. This is based on Example 11 which shows the preparation of 2,2-{3-(2,3-epoxypropyl)-4-methoxyphenyl} propane. Similarly applicants is submitting a revised

page 3 of the specification to reflect the addition of "R" is methyl" in the statement of the invention.

The application is now believed to be in form for allowance, which is respectfully requested.

Respectfully submitted,

BERND W. SANDT
Attorney for Applicant
